## Future Application Developer

Beginner and motivated developer, having already completed several personal projects. I am **looking for an internship of 8 to 10 weeks starting from mid-April 2026** to learn and contribute to the development of applications.

## Degrees and training courses

### Preparation of a BUT in computer science

Since September 2024 [University of Lens](#)

### Baccalaureate

From September 2021 to June 2024 [Aristide Briand High School in Evreux](#)

→ English and mathematics specialties + expert maths and English option section euro)

## University projects

- **Bomberman** – Reproduction of the classic game in **JavaFX** with **Gradle**, including the movement of enemies and the player, the placement and explosion of bombs.
- **Starfly** – Event site on the theme of drones, created in group with **HTML/CSS**.

## Projets personnels

- **Password generator** – Tool developed in **Python**, allowing completely random passwords to be generated.
- **Valo Site** – **HTML/CSS** website (with some **JavaScript**) listing and sharing information about Valorant.
- **Brute Force Attack** – **Python** script to test a brute force attack on a defined password and compare the **effectiveness** of different approaches.
- **ValoApp** – **JavaFX** application allowing to manage its Valorant accounts (addition, modification, deletion and management via **JSON**).
- **Dashboard** – Web application in **PHP** allowing to add **tasks** with a deadline, to manage their **importance**, in order to stay **organized**.

## Engagement

- **Treasurer – BDE Informatique** (since April 2025, IUT of Lens)

Management of the student office budget, monitoring expenses and participation in the organization of student events.

- **Volunteer – SPA of Évreux** (2 years)

Daily care of the animals (food, walks) and assistance in their preparation for adoption.

## Interests

- **Music - Passionate, creative and rigorous** (8years)

→ Level reached: middle of the 2nd cycle

- **Bowling - Precise, perseverant and focused** (3 years)

→ Club and team training with a focus on communication
